with Fairness Ordinances**

**The 2022 Kentucky General Election is one of the most important in recent memory**, with two consequential ballot referendums up for a vote by Kentuckians. Amendment 1 would allow the Kentucky General Assembly to call itself into special session throughout the year without the call of the governor. It could open the door for the Kentucky State Senate and House to bypass executive authority and respond to anything it views as urgent, which could include anti-LGBTQ initiatives. **Amendment 2 is one of the most extreme anti-abortion measures in the country right now.** It would amend our commonwealth's constitution to ban all abortions outright, with no exceptions for rape, incest, or the life of a parent. It would take a generation to unravel the harm and injustice this amendment would do. The Fairness Campaign is a proud member of Protect Kentucky Access, which formed last year to fight this constitutional amendment.

C-FAIR, the political action committee of the Fairness Campaign, has endorsed "NO" on both constitutional amendments along with the endorsement of more than 120 candidates running for state and local office across Kentucky. **Check out the full list inside and at [FairnessVotes.com](https://FairnessVotes.com).**
